OIT-0546-87  
6 August 1987

MEMORANDUM FOR: Deputy Director for Administration

FROM: Edward J. Maloney  
Director of Information Technology

SUBJECT: Weekly Report for Week Ending 7 August 1987

1. OIT completed an expansion of the Ames Building secure grid to increase the capacity of the secure voice system. The expansion consisted of a third central distribution frame, additional conduit risers between floors, and additional cabling to 46 intermediate distribution frames. [redacted]

2. OIT opened the [redacted] Information Services Center (ISC) on July 27. The ISC, which combines the functions of a registry and data access center, presently serves elements of the Directorate of Science and Technology. Future users will include elements of the Offices of Information Technology, Technical Services, Security, and Personnel. [redacted] ISC is the fourth such facility to become operational within the Agency. [redacted]

3. OIT has completed the enhancements requested by the Office of Personnel for the Recruiter Applicant Processing System (RAPS) at the Washington Area Recruitment Activity Center in the Ames Building. OIT will begin installing the enhanced system in other recruitment centers throughout the United States. [redacted]

4. OIT is again presenting its "Lunch and Literacy" program for Agency employees. Covering such topics as the end-user revolution, corporate data base strategy, and artificial intelligence in business, 30-40 minute seminars are held in a

reserved theater in the Headquarters Building at noon and 4:00 pm  
on specified days. An OIT Training and Information Bulletin has  
been published to announce the subject of each seminar and the  
times of presentation.
